

Jigsaw

Product # CC-J-1

About

Jigsaw is used for controlling and monitoring home automation systems in apartments and small to average residential houses. It has bOS Server preinstalled. bOS Server enables connection with building devices, runs logic tasks and provides access for bOS Client applications for iOS, Android and Windows. Jigsaw has KNX interface integrated, which enables direct communication with the KNX installation.

Technical Specifications

Software:	bOS PRO Comfort License , included 3 Users
Size:	107 mm x 61 mm x 50 mm (WxHxD)
CPU:	1,2 GHz quad-core ARM
